

Catherine Hill Bay Progress Association

Catherine Hill Bay Progress Association and Dune Care Inc.

22nd November 2010

www.catherinehillbay.org.au

As you would now be aware the Coal & Allied proposal for Middle Camp is now on exhibition. The web link should also be with the Newsletter that David Poyzer is sending to our members and friends.

We will need to prepare a submission from the Progress Association as well as our own private submissions.

We also need to get out to all our members, friends and anyone interested in putting in a submission, some points on which their submissions can be based. Also a form letter will need to be prepared.

All submissions have to be in by the close of business on Friday 17th December 2010 so we don't have a lot of time.

I know that everyone is very busy at this time of year (I have a funeral and will be away for 9 days in this time as well) so I am asking you all to download the Director General's Requirements and use this as your checklist when you are reading the wealth of material that is on exhibition.

As in previous submissions the Director General's Requirements and how well the proponent meets these requirements, has been the basis on which our submissions have been put together.

I can only thank everyone for the excellent work that has been done in the past and ask that we can do so once again.
