For Association members, Friends of Catherine Hill Bay, residents and supporters everywhere

More than 3500 letters objecting to the most recent Rose group subdivision proposal were received by the Department of Planning. It is truly wonderful to see the number of people who are willing to take the time to rally at Catho and write to the Department of Planning expressing their objections to the overwhelming and inappropriate development of this heritage listed town.

Rose group has put in their 'response' to all these submissions which can be viewed at:
